

Hello !!!

I'm SADAQAT ALI Founder: W.C Technology

WITH 5 YEARS OF EXPERIENCE

"Tech Expert | GIS Specialist | Project Manager |
Driving Innovation Through Technology"

MY BIOGRAPHY

I am a tech enthusiast and GIS expert with 4 years of experience in designing and implementing geospatial solutions, managing cross-functional teams, and driving tech innovation. My expertise lies in leveraging GIS tools, data analytics, and project management methodologies to solve complex problems and deliver impactful results. I have successfully led projects in [specific industries, e.g., urban planning, environmental monitoring, etc.], and I am passionate about using technology to create sustainable solutions."

Skill & Interest

GIS \$ RS

BUSINESS DEV

DATA ANALYST

SKILL DEV

COMMUNICATION

2019 - 2025

FOUNDER & CEO

As the Founder and CEO of Web Collection Technology, I lead a GIS-based company dedicated to delivering innovative geospatial solutions that empower businesses and governments to make data-driven decisions."

Under my leadership

e specialize in leveraging cutting-edge GIS tools, remote sensing, and data analytics to solve complex spatial challenges across industries like urban planning, environmental monitoring, and disaster management."

"Our mission

is to harness the power of geospatial technology to create sustainable, efficient, and impactful solutions for a smarter future."

In addition to GIS expertise

we offer a comprehensive suite of tech services, including software development, UI/UX design, and digital marketing, to provide end-to-end solutions tailored to our clients' needs."

EXPERIENCE

2020 - 2021

Spatial Analysis,

Land Data Collection and Geo spatial Analysis for land Reform.

"spearheaded a project with the Gilgit Baltistan local government, conducting data collection and geospatial analysis to drive land reform initiatives using advanced GIS tools and remote sensing."

"The project enhanced land record transparency and provided actionable insights for equitable resource distribution and sustainable development in the region."

Hazard Mapping

Hazard Mapping of KKH (Karakorum Highway Gilgit)

I collaborated with the Gilgit Baltistan Disaster Management Authority (GBDMA) to develop comprehensive hazard maps using GIS and remote sensing, enabling proactive disaster preparedness and risk mitigation in the region."

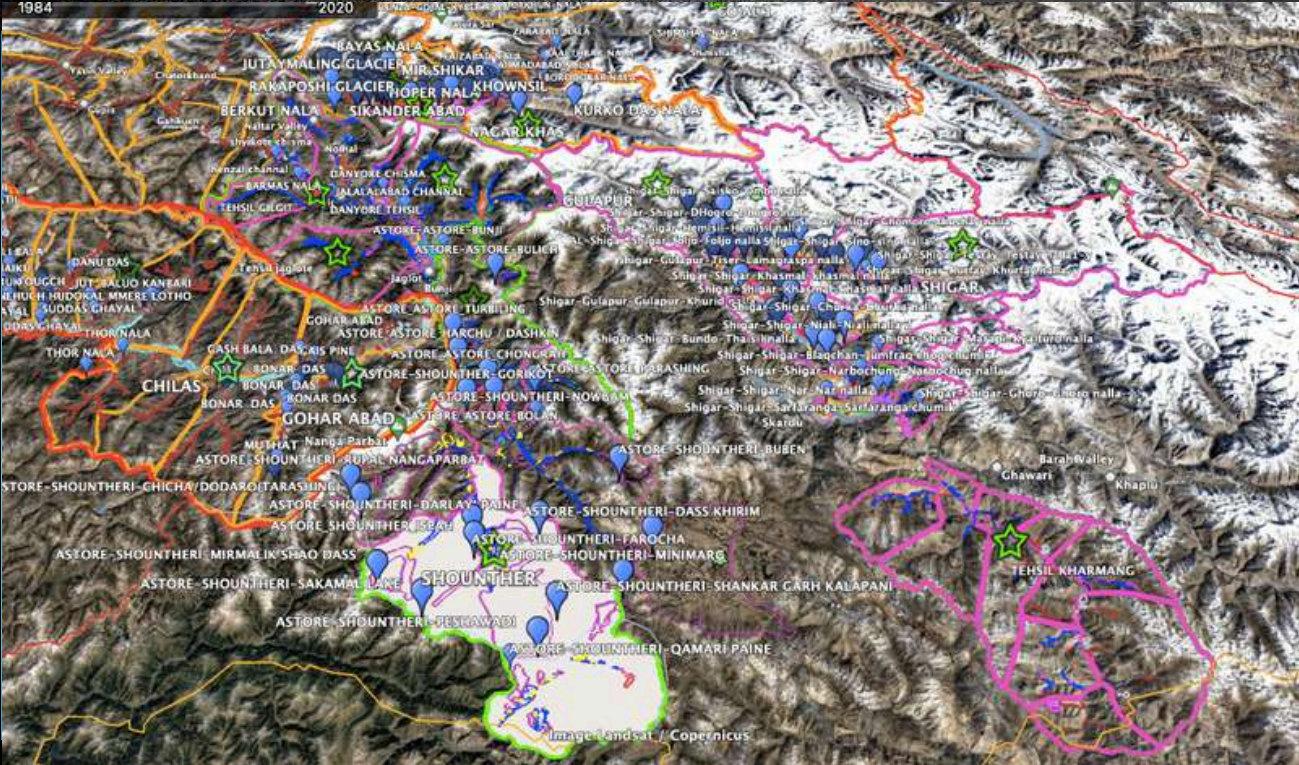

Drone Survey and 3D Modeling

Drone Survey of Danyore Gilgit for making 3D model to analysis data.

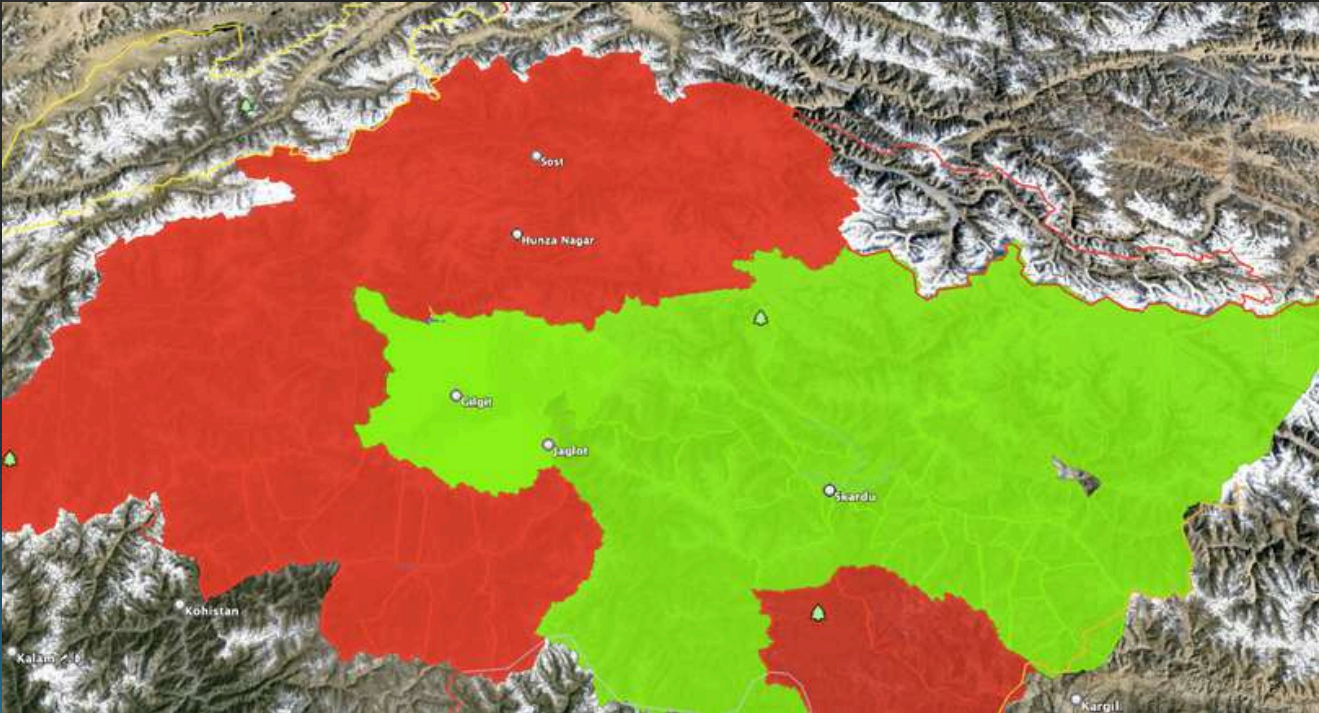

"I conducted drone surveys and created detailed 3D models for the Sub-Divisional Magistrate, providing accurate spatial data for urban planning, infrastructure development, and decision-making processes."

SELECTED PROJECT

Gilgit baltistan land Data Collection

"Under the supervision of DC, AC, and Tehsildar, I led the collection and organization of land data in Gilgit Baltistan, ensuring accuracy and compliance with land revenue regulations."

Arrowai Industries | 2023

"I spearheaded the comprehensive mapping of all land parcels in Gilgit Baltistan, utilizing GIS technology to create accurate and detailed maps for effective land management and governance."

2022 - 2023

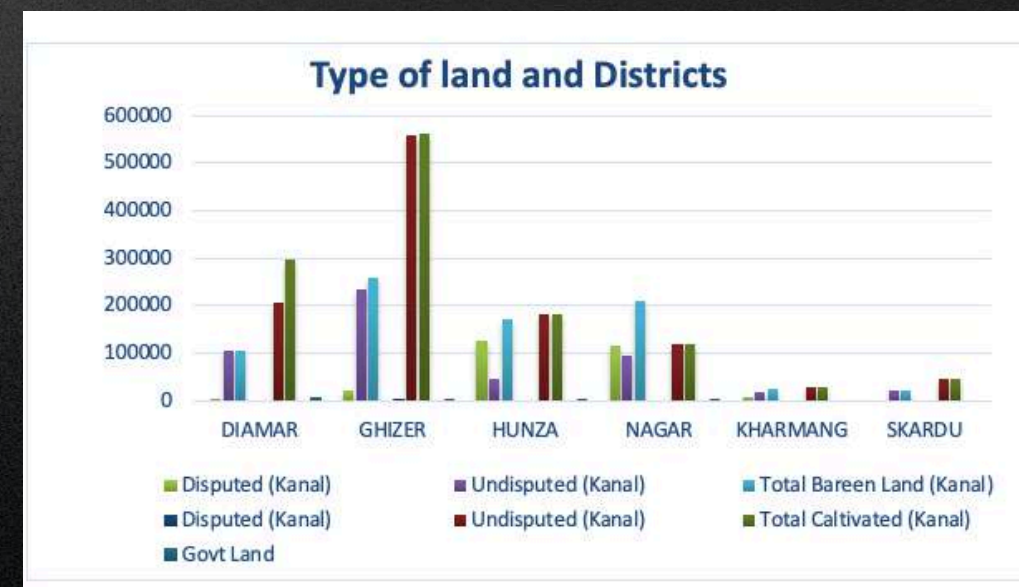

SELECTED PROJECT

2022 - 2025

3D Modelling of KKH

"I conducted drone surveys and created detailed 3D models for the Sub-Divisional Magistrate, providing accurate spatial data for urban planning, infrastructure development, and decision-making processes."

Tabular Data

spearheaded a project with the Gilgit Baltistan local government, conducting data collection and geospatial analysis to drive land reform initiatives using advanced GIS tools and remote sensing."

Web Mapping

I collaborated with the Gilgit Baltistan Disaster Management Authority (GBDMA) to develop comprehensive hazard maps using GIS and remote sensing, enabling proactive disaster preparedness and risk mitigation in the region."
